<u>Right and Responsibility</u>		<u>Ok</u>	<u>Very Good</u>	<u>Perfect</u>
<p>We have the right to play and join in, but some people might like privacy. We have the responsibility to let other people join in and give them privacy if they want it.</p>	Sounds like	Not many people joining in or being allowed to. Some people on their own and not just because they want to.	More people joining in but still some people on their own because they want some time to themselves.	Everyone joining in and playing happily. Some people wanting privacy and being allowed to have it.
	Feels like	Some people feeling lonely and not included but mainly fine.	Most people included and happy apart from some.	Everybody included and happy with what they're doing.
	Looks like	People hiding away in a huff but mainly fine.	People having fun but some unhappy faces.	Everybody included and having fun.
<p>We have the right to be safe. We have the responsibility to behave safely around others and say nice things to other people</p>	Sounds like	Not many kind things overheard.	Phrases being said like do you want to come and play but still a few unkind things.	Everybody saying nice and encouraging things using nice manners
	Feels like	A few people feeling hurt but mostly having fun	Lots of people having fun but a few not included	Everybody having fun and playing happily

Created by P6/7 (June 2012) and amended by Health Committee (November 2012)

	Looks like	Some people are being a bit rough and some people being hurt and falling over.	Less people hurting themselves and falling because people are being rough.	Nobody falling over because people are being rough.
We have the right to our own opinion. We have the responsibility to listen to other people's opinions.	Sounds like	Some people having little arguments or falling out with each other.	Fewer arguments and more people getting along. Still some people having little niggles.	Nobody having arguments and everyone getting along.
	Feels like	A few people feeling that they are not being listened to.	Most people feeling that they can express their opinions.	Everybody understands that it's ok to have opinions
	Looks like	Some upset/angry faces	Most people happy and relaxed.	Everybody enjoying their free time
