

Medicines

Stirling Council Medical policy should be adhered to at all times. This includes parents completing medical consent forms for all prescribed medications. Children who have long term medical arrangements should have this recorded and updated as part of their care plan

Inhalers and Epi Pens must be kept with the class at all times. This includes being taken to the hall during lunch, P.E and Assembly.

Security Entry

All doors must remain closed once children are in school. Adults only should be responsible for opening these doors.

Sight or voice recognition should have taken place before anyone is allowed to enter our school. All visitors must report to the school office to sign in and be provided with a visitor's badge. All Stirling Council employees must wear their I.D badge at all times

Fire Safety

All classrooms should have their fire exits clearly displayed within the class room. Children should be made aware of their exit routes from all learning environments in our school.

A fire safety test will be undertaken each term including one of these from the Church Hall. Children should be made aware of where to muster. Staff will be allocated roles to carry out in the event of fire.

Risk Assessments

A Whole School risk assessment is reviewed by all staff at the start of every session.

Dynamic Risk Assessments must be undertaken at all times and throughout any activity or trip

From nursery age, children should be involved in risk assessing any activity or trip they are about to participate in prior to departure.

In line with Stirling Council policy staff must complete appropriate risk assessment paperwork and have this signed by a member of the senior leadership team.

Safe Guarding

Children will view our rights respecting school as a happy and safe place to learn.

All of our children will feel valued and listened to.

Child Protection

All staff undergo annual Child Protection and Safeguarding training

For volunteers to work with children unsupervised they must have a full PVG.

Allergies and Intolerances

All children's allergies should be recorded and on display in the classroom and at the front of the class planning folder.

Special allergy menus are created following a meeting between catering and the parents. These should be given to parents every Friday so that they can support their children in making meal choices the following week.

Health and Wellbeing

GIRFEC and the principles surrounding this ensure that children's wellbeing is always kept at the fore front of our mind.

Worry Boxes will be available in all classrooms for children to report concerns

Daily emotional check 'ins and circle times will also allow staff to keep a barometer on children's wellbeing.

Kitbag, Fun Friends and Friends for Life will be used to support groups or classes of children who have increasing difficulties with anxiety.

The Bounce back programme will be used in all classes as part of the Healthy start and finish to support independence ad resilience.

All children will participate in their RSHP programmes including internet safety programmes and Feel Think Do
